

For this task you are required to plan an experience for a **small group** of toddlers. The experience will require the use of shared equipment and shared space to foster development of emerging sharing skills. You will need to take into account the skills and abilities of each age group and adjust your expectations accordingly.

Planning for Development: Sharing : Toddlers : Experience 4

Number of Children:	Setting:	Date:
Reflecting on current skills & abilities of this age group:	Ideas children may come up with:	What else? E.g. Focus areas, parent/guardian/other educator ideas

EYLF/ My Time Our Place Learning outcomes: (include code/s and description)

Description of Experience: (Note: experiences must include cooperation and role play)

Location /Timing:

Resources to be used:

Strategies you will use to support and encourage co-operation: (For example, initiating, modelling, prompting, encouraging, playing alongside, giving directions, asking questions, extending, demonstrating etc.)

Strategies to support children who find it difficult to play in a group:
